Is there a way to get a list of all the e-books we hold?

Last updated: Fri, 03 Aug 2018 19:53:26 GMT

Objective

• To get a list of current e-book holdings for your institution.

Applies to

• WorldShare Collection Manager

Steps

Institutions can retrieve lists of their holdings in WorldCat by creating a query

1. Go to Metadata> Collection Manager> Create a collection.
2. Select Query Collection.
3. Click Create.
4. Name the collection.
5. For the WorldCat Selection Criteria use the query: li:(your library symbol) AND mt:elc AND mt:bks
6. Opt in for MARC record delivery and choose any filters as needed.

Additional information

Here is more about query collections and WorldCat selection criteria.
