Customize text for Circulation Notices

Last updated: Mon, 10 Feb 2020 02:35:31 GMT

Applies to

- CIRC (config)

Answer

You can customize certain parts of the notices that will be sent in WMS Circulation.

The member customizable parts are the start and end texts.

To customize the texts, start Service Config and log in to you institution's data. Then navigate to WMS Circulation > Notifications and Receipts > Notification Policy, and click the policy you wish to modify.

In the resulting screen you can modify the:

- description
- subject of the message
- start text of the message and
- end text of the message

Additional information

The body of the notice is also customizable, but only by OCLC staff. If you need any customization for that part, please send a mail to OCLC Support.
