We are an ILLiad hosted site and we added or modified a Server Addon, what do we need to do now?

Last updated: Tue, 15 Sep 2020 14:17:56 GMT

Symptom

- Your site either added a new Server Addon or modified a Server Addon on the ILLiad Hosted Server

Applies to

- ILLiad

Resolution

You just need to restart the ILLiad System Manager service. If you are hosted by OCLC, contact OCLC Support, and we will restart the service for you. Make sure your Server Addon Interval is set for 5 or higher.
