Why aren't the links to my library's catalog resolving correctly in the A-Z list?

Last updated: Tue, 04 Dec 2018 19:01:52 GMT

Symptom

- The OPAC links in the A-Z list are not resolving to my library's catalog.

Applies to

- A - Z List and OCLC Link Resolver

Resolution:

1. Verify that the correct OPAC link information is entered in the Service Configuration > WorldCat Registry > Online Catalog.
2. Login to your library's instance of WorldShare > Metadata > Collection Manager > Settings > OCLC Symbol.
3. Click on Refresh from WorldCat Registry.

Additional information

For more information regarding configuring links to your library's OPAC, please visit Configure links to your online catalog.
