- WorldShare Interlibrary Loan
- Tipasa

Answer

If your library has stopped lending by changing the OCLC Supplier Status, you can enable lending again by changing the Supplier Status to **Yes** in the **OCLC Policies Directory**. Information about updating settings in the OCLC Policies Directory can be found on the [Sign in and manage profile](https://help.oclc.org/Resource_Sharing/WorldShare_Interlibrary_Loan/Troubleshooting/Our_library_turned_off_len...) help page.
