Is there a way to get a report of items that have not circulated?

Last updated: Thu, 15 Nov 2018 20:31:27 GMT

Applies to

• WorldShare Reports

Answer

Yes, you can use WorldShare Collection Evaluation and select the Circulated # of times for the lifetime. Then you could use the filter and set it to Equal 0. After running the report, you can export your WorldCat holdings report. This would be a compilation of items that have never circulated.

Additional information

Here is more information on exporting from WorldShare Collection Evaluation.
