Connexion client closes after an OCLC Gateway export

Last updated: Wed, 19 Dec 2018 18:46:45 GMT

Applies to

- Connexion client

Answer

1. In Connexion client go to Tools> Options> Export.

2. Double click on your OCLC Gateway export destination, then click edit.

3. There is a Permanent Connection box under Options, uncheck the box if it is checked.

4. Export another record to see if the issue is resolved.
