Resolution code guidelines

Last updated: Fri, 04 Jan 2019 21:01:56 GMT

Select a Resolution code and click Submit after you click the End Session button.

See Best Practices for 24/7 Reference Cooperative Sessions for guidelines for the use of the Resolution codes by members of the cooperative. Libraries and groups should provide guidelines for use of the codes by their librarians when they are not participating in the cooperative.

Administrators can view reports by Resolution code in the Ask module.
