Why are my labels missing the period before the Cutter number?

Last updated: Wed, 23 Jan 2019 15:17:28 GMT

Symptom

- No period before Cutter number in labels

Applies to

- WorldShare Collection Manager

Resolution

Short introduction or instructions to follow these steps:

1. In WorldShare Collection Manager, open the collection that you are printing labels for by clicking on the title of the collection.
2. Expand the accordion menu for "Labels".
3. Click the box for "Add period before first cutter number".
