When I click Print All in Tipasa, the print jobs are not being sent to my printer.

Last updated: Wed, 06 Feb 2019 17:26:32 GMT

Symptom

- Print all jobs in Tipasa are not being sent to the printer

Applies to

- Tipasa

Resolution

If your print all jobs are not being sent to your printer, please try the following:

1. Clear the cache and cookies of your browser
2. Check your print settings in your browser to ensure that it is being sent to the correct printer.
3. If neither of these work, contact OCLC Support and let them know that you are having trouble printing in Tipasa.
