The list of libraries that own the book in WorldShare Interlibrary Loan is often not the same as the libraries shown to own the book in WorldCat.

Last updated: Wed, 20 Mar 2019 18:00:06 GMT

Applies to

- WorldShare Interlibrary Loan
- WorldCat

Answer

WorldCat.org is showing all the libraries that hold the title by proximity. These are the libraries that you could travel to in order to physically check out the book. WorldShare ILL is showing the libraries that are willing to lend the title to other libraries. These are the libraries willing to mail the book to you.
