We are transitioning from Local to Discovery, do we need to set up a new page for our patrons to login?

Last updated: Wed, 02 Oct 2019 15:58:44 GMT

Applies to
- WorldCat Discovery
- WorldCat Local

Answer
No. As long as your system for authentication does not change, you do not need to change how your authentication is set up for the transition from Local to Discovery.

Additional information
More information on the transition from Local to Discovery can be found in our Help documentation.
