Course description

This online module provides instruction on the use of Connexion client’s tools for automation and customization. After completing this web-based training, learners will be prepared to complete editing tasks more efficiently and to customize Connexion client to fit their individual workflow.

This course is intended for learners who are familiar with Connexion’s basic copy and/or original cataloging functions and are looking make the process faster and easier. This course will be particularly beneficial for catalogers that do a significant amount of consistent editing or follow repetitive manual processes for copy or original cataloging.
