Relais Portal

Find information about the Relais Portal. When developing the Relais web (Portal) pages the W3C Web Content Accessibility Guidelines (WCAG) 2.0 are followed.

- **Relais Portal for patrons and other libraries**
  
  No image available

  Patrons and other libraries can use the Relais Portal to add requests, check on the status of requests, edit their profile, and send a message to staff.

  - Add requests
  - Contact staff
  - Limit number of requests
  - Login for patrons and other libraries
  - My Profile
  - My Requests
  - Patron initiated scrub of personal data from Completed requests

- **OpenURL**
  
  No image available

  Find a summary of how the values from the OpenURL are used in Relais D2D and how they populate the Relais request forms.

- **Multilingual options**
  
  No image available

  Find information about configuring the Relais Portal in multiple languages.

- **User Authentication web service**
  
  No image available

  Find information about the User Authentication web service, which is used internally in the Relais Portal to authenticate patron, staff, and libraries.

- **Relais Portal FAQ**
  
  No image available

  Find frequently asked questions about the Relais Portal.
