How is the system-generated OCLC Invoice ID numbered

Last updated: Wed, 06 Nov 2019 19:06:53 GMT

Applies to

- WorldShare Acquisitions

Answer

OCLC invoice ID numbers are generated sequentially each time an invoice is created.

For example:

INV-2019-1  
INV-2019-2  
INV-2019-3  
... and so on.

Your total number of invoices received in a year will determine the total length of the invoice ID number.
