Will a hold be placed on a record with a 05 status of "c"?

Last updated: Wed, 27 Nov 2019 14:43:35 GMT

Applies to

- WorldShare Data Sync Projects

Answer

Yes, a hold will be placed if the 05 status is "c" or "n". Only if a record's status is "d" will our system delete it.

Additional information

The 05 status of "c" and "n" stand for "corrected/revised" and "new", respectively, in regards to the master record. The status of "d" stands for "delete".
