What QuestionPoint data will be available once my library has moved to Springshare?

Last updated: Mon, 27 Jan 2020 19:47:41 GMT

Applies to

- QuestionPoint

Answer

The following data from QuestionPoint will be available to Springshare users:

- Question & Answer pairs for each customer for a three year period including transcripts
- QuestionPoint Knowledge Base: Curated Question & Answer database where the QuestionPoint team would add particular Question & Answer pairs to this knowledge base database so it could be used to answer questions later on
