Why is my new custom notification template not appearing as an option in Tipasa?

Last updated: Thu, 02 Apr 2020 17:55:19 GMT

Symptom

• A notification template isn't appearing in the list of email templates within a request within Tipasa.

Applies to

• Tipasa

Resolution

Select the Manual sending in WorldShare checkbox underneath to the template's name in Service Configuration > WorldShare ILL > Notifications > Custom.
