I see the letters kf in the expanded search terms. What does kf mean?

Last updated: Wed, 01 Jul 2020 12:27:05 GMT

Applies to

- WorldCat Discovery

Answer

The kf index is keyword + full text. This is the default search setting that can be found in the Service configuration under:

**WorldCat Discovery and WorldCat Local > User Interface Options > General Display Settings**

You will see the kf index if the default setting matches that.
