I am trying to process Odyssey Requests and I get a message about Entity too large

Last updated: Fri, 15 Oct 2021 21:42:36 GMT

Symptom

- You see a message Entity too Large when processing Odyssey Requests

Applies to

- ILLiad

Resolution

1. On your ILLiad Web Server, from a Command (CMD) window that you opened up by right-clicking and "Run as Administrator," use this command:

   ```
c:\windows\system32\inetsrv\appcmd.exe set config "Default Web Site/ILLiadWebPlatform" /section:requestfiltering /requestlimits.maxallowedcontentlength:120000000
   ```

2. There is no need to restart IIS or the server, the change is immediate.
