RDA, or Resource Description and Access, is the proposed successor to AACR2. The tables in this guide show RDA content, media, and carrier type terms and codes that may occur in fields 336, 337, and 338 of records (term in ‡a; corresponding code in ‡b).

• Carrier terms and codes (field 338 ‡a ‡b)
• Content terms and codes (field 336 ‡a ‡b)
• Media terms and codes (field 337 ‡a ‡b)
