Is there a separate fee for having my holdings visible through WorldCat.org?

Last updated: Tue, 27 Oct 2020 13:26:37 GMT

Applies to

- WorldCat.org

Answer

Your library's collections represented in WorldCat are visible on WorldCat.org when you maintain a subscription to both OCLC Cataloging and Metadata and FirstSearch/WorldCat Discovery.

Collections from libraries in Europe, the Middle East, or Africa can also be made visible on WorldCat.org with a subscription to WorldCat.org, which includes regular updates through a data synch process.
