Discover how to change the resource (or title) of an order item from one e-product selected in the WorldCat knowledge base to another, select a WorldCat record, or switch from a WorldCat record to a WorldCat knowledge base record in WorldShare Acquisitions.

You can change the resource (or title) of an order item from one e-product selected in the WorldCat knowledge base to another, select a WorldCat record, or switch from a WorldCat record to a WorldCat knowledge base record from the following screens:

- Order Details
- Order Item Details
- Receive and Invoice

Changing the resource of an order item allows you to:

- Automatically adjust the Processing Type and Acquisitions Type when switching between resource types
- Correct yourself if you have selected the incorrect WorldCat knowledge base record
- Renew an item and change the knowledge base record afterward, in the case that it changed publisher or package

**Change the resource for an order item from one WorldCat knowledge base resource to another**

1. In the left navigation, navigate to one of the following:
   - Order Details screen: **Orders > Orders > Search > Order Name** (to view the resources associated with the order)
   - Order Item Details screen: **Orders > Order Items > Search > Title**
   - Receive and Invoice screen: **Receive and Invoice > E-Product (Processing Type) > View Items > Search > Title**

2. Hover over the information icon (ℹ️) next to the title whose resource you wish to change.
   Note: The content of the information pop-up window depends on whether the resource is a WorldCat knowledge base collection, title, or a WorldCat title.

3. From the Information pop-up window, click **Change Resource**. The Change Resource dialog appears with two tabs: Discover Items (WorldCat resources) and Discover Collections (WorldCat knowledge base resources).
   Note: By default:
   - The Change Resource dialog will open on the tab relevant to the order item you selected, with a search by the title of the order item automatically entered.
   - Search results are also limited to My Selected Collections. To see the collections in the global knowledge base, deselect My Selected Collections.

4. From the Discover Collections tab, select a search scope and index.
   - **Collection (default)** - Search by collection name

### View the WorldCat record for an order item

You can view the WorldCat bibliographic record for an order item from the following screens:

- Order Item Details screen
  - Note: This functionality does not apply to items with a processing type of Electronic Product or Local.
- Receive and Invoice - Monographs screen
- Receive and Invoice - Serials screen

This allows you to verify that the record for a received item is correct by:

- Viewing the metadata and, if needed, editing a record before receiving (Record Manager)
- Viewing the patron-facing record (WorldCat Discovery)

To view the WorldCat record for an order item:

1. From the Receive and Invoice screen, hover over the information icon (i) next to the order item title.
2. The information pop-up window provides the following links:
   - View/Edit Metadata - Click to open the full MARC 21 bibliographic record in Record Manager. This link only appears if you have permission to view Metadata.
   - View in WorldCat Discovery - Click to open the bibliographic record in your WorldCat Discovery instance.
